

4 September 2009

Dear customer

### **ACQUISITION OF SIAS BY ENERGY TECHNIQUE PLC**

I am delighted to advise you that the buildings maintenance and small works division of SIAS Building Services LLP has been acquired by Energy Technique plc. This means that all of the previous uncertainty surrounding the Administration of SIAS has been removed and you will now receive an uninterrupted and seamless maintenance service moving forward.

The activity will trade as SIAS FM Limited, as a wholly owned subsidiary of Energy Technique plc. SIAS FM will be managed as a separate business unit within Energy Technique plc and the key staff previously allocated to your contract will continue as before. We will continue to operate out of offices in Keighley, Crewe and Basingstoke and all of your current contact telephone numbers and email addresses will be the same as before.

By way of background, Energy Technique plc is an AIM listed company with the necessary financial backing and in-depth knowledge of the M & E and HVAC sectors to further develop the SIAS product offering. We will be talking to you more about this in the coming weeks ahead.

We greatly value your custom and we look forward to developing a long standing business relationship with you. In the meantime, if there is any further information you require at this stage, then please do not hesitate to contact either myself, Martin Kirkham or Chris Davenport on 08714 370 371.

Yours sincerely,

**James Lugg**

Chairman and CEO of Energy Technique plc.
